

How to get the right care in the right place

You have choices when you're sick.
But what's the best choice?

At the emergency room, you could wait hours to be seen. Or your doctor may not have any appointments. So consider these options:

- An urgent care center
- A network walk-in clinic
- CVS MinuteClinic®

You'll get the same great care from providers you can trust, without the wait. And you don't need an appointment.
